

Quality Certificate

SPARE PARTS MATCHING THE QUALITY OF ORIGINAL EQUIPMENT

We hereby certify that when you select a replacement glazing branded from AGC Automotive Replacement Glass* and carrying the AGC or Splintex logo, you can be assured of receiving a quality product, manufactured to the highest standards, that comes with the support of the world leading Original Equipment automotive glass producer.

These branded replacement glazings are produced according to the quality specifications of the OEM glazings, fitted to new vehicles (main technical characteristics) and are therefore considered for quality purposes as "Original Spare Parts** or equivalent".
